Before Getting Started

Be sure to read the user manual before using the product to ensure safe and proper use of the product.

- Please read carefully the bHaptics Limited Warranty before using the product.
- Do not use the product for any purpose other than the intended purpose.
- Do not attempt to modify, disassemble or repair the product.
- Do not drop the product or subject the product to other forms of strong impacts.
- Users with sensitive skin should avoid wearing the product directly on the skin.
- Do not excessively pull on the side straps while wearing the product, as it may irritate your body.
- This product is not waterproof. Store the product in a dry place free from humidity and moisture.
- The main body of the product contains electronic components and must not be washed in water under any circumstances. Should the product need to be cleaned, gently wipe it with a soft cloth. The mesh lining may be removed, and machine washed with neutral detergent. (Do not use strong chemicals or strong detergents.)
- The latest user manual for the device and related software can be found at https://www.bhaptics.com/support/downloads.

Introducing the TactSuit X40, a wireless haptic vest that packs 40 individually controllable vibrotactile motors.

Stay immersed in your content with positional haptic feedback delivered to every corner of your body.

TactSuit is compatible with a wide range of platforms, including PC, VR, Mobile, and console.

TactSuit X16 is designed to be a strong, yet lightweight haptic vest that you can wear for hours. The short and breathable design makes long sit-down gaming sessions much more enjoyable.

TactSuit X16 packs the same vibro-tactile motors used in the TactSuit X40, giving you the same powerful haptic feedback.
What’s in the Box

Basic Components

- TactSuit X40 or TactSuit X16
- Mesh Lining*
  *Mesh Lining is attached to the device.
- Bluetooth Dongle
- USB Type C Charging Cable
- User Manual & Warranty

Additional Components (purchased separately)

Additional Components can be purchased from bHaptics online shop.

- Y Jack
- Audio Cable
- Additional Mesh Lining

Getting Started

Product Charging

TactSuit is shipped in Sleep Mode for safety during transportation. Before using your TactSuit for the first time, plug it into a charger to bring it out of sleep mode and fully charge the device.

You can use 2A charging cable included in the package to charge the device. It takes about 5 hours, TactSuit X40, and 2.5 hours, TactSuit X16, to fully charge the device using 2A charging current.

LED Indication for each battery status

- **Low Battery**: 0–33%
- **Charging**: 34–66%
- **Fully Charged**: 67–99%
- **Red Solid**
- **Red Solid**
- **Green Solid**

Be sure to use an authorized AC adapter and included charging cable to charge the product. Use of an unauthorized device or accessory may result in personnel injury, may cause damage of the product or your property, and may void your warranty.

[FR] Assurez-vous d’utiliser un adaptateur secteur agréé et le câble de charge inclus pour charger le produit. L’utilisation d’un appareil ou d’un accessoire non autorisé peut entraîner des blessures corporelles, endommager le produit ou votre propriété et annuler votre garantie.

If the product is left unattended for a long time while the battery is discharged, the LED may not light even if the charging cable is connected. In this case, the light turns on again after charging for more than 1 hour.

[FR] Si le produit est laissé sans surveillance pendant une longue période alors que la batterie est déchargée, la LED peut ne pas s’allumer même si le câble de charge est connecté. Dans ce cas, le voyant se rallume après une charge supérieure à 1 heure.
Power On / Off

Power on

Push

1

Lights will turn on in 3 stages

2

Ready to be Paired when Blinking Blue

If the Power does not turn on, check if it is released from the sleep mode and sufficiently charged.

[Français] Si l'alimentation ne s'allume pas, vérifiez s'il est sorti du mode veille et suffisamment chargé.

Auto Power Off

The device will turn off automatically after 3 minutes if it is not paired.

Blinking Blue

3 min

Lights will turn off in 3 stages

Manual Power Off

3 sec

Lights will turn off in 3 stages

※ If the device is still paired when powered off, it will pair automatically when you turn on the device again.
**Product Fitting**

1. Loosen all the side straps and unzip the zipper.

2. Wear the device, zip up and pull the side straps (*) towards the front to adjust the suit and fit to your body.

   ※ You can also adjust the length of the device using the shoulder snap buttons.

   ![Diagram](image)

   When fastening the snap buttons, please be careful not to fold the cable.

   [FR] Lors de la fixation des boutons pression, veillez à ne pas plier le câble.

3. After adjusting the size, organize the straps hanging with the elastic loop located at the end of the strap. You do not need to repeat this step again once it is organized to fit your body.

   ![Diagram](image)
Enjoy state-of-the-art haptic feedback and seamless connectivity for every media.
## How to Play

<table>

### Audio-based Haptics

- **(Wireless)**
- **(Wired)**

**Go to Setup**
Playing Content with Embedded Haptics

Embedded haptic feedback for this content will be delivered according to the events, enhancing your immersion more than ever before.

Be sure to disable the "Audio-based Haptics" feature. Leaving the feature ON will deliver automatic feedback generated by the "Audio-based Haptics" function instead of the content's embedded feedback.

1) Pairing the TactSuit with PC

1 Install Bluetooth Driver

- Insert the provided dongle into a USB port on your Windows PC. The driver will be automatically installed.
- If you have previously installed other Bluetooth drivers, open [Device Manager] > [Bluetooth] on Windows, and disable all previously installed Bluetooth drivers except ‘Generic Bluetooth Radio’, ‘Bluetooth Enumerator’, ‘Bluetooth LE enumerator’.

Do NOT try pairing on Windows Settings.

2 Install and run bHaptics Player

www.bhaptics.com/support/downloads

3 Right click the blinking device icon and click “Pair”
2) Open “bHaptics Portal”

3) Choose the content you want to play and install it

Some content requires mod tool installation.
The installation guide can be found by clicking “①” icon from each game page.

Le guide d’installation peut être trouvé en cliquant sur l’icône “①” de chaque page de jeu.
Enjoying Audio-based Haptics (Wireless)

Audio-based Haptics feature creates haptic feedback in real time based on audio output of content. You can now enjoy all content regardless of native integration.

Be sure to turn off Wired Audio* or remove the audio cable from the device. [FR] Assurez-vous de désactiver Wired Audio* ou de retirer le câble audio de l'appareil.

* Refer to p. 25
1) Pairing the TactSuit with PC*

* Refer to p. 14

2) Turn on Audio to Haptic function

When Audio to Haptic function and audio signals are on, the audio signal animation will appear on the device icon.

3) Click ⌘ to sync audio capturing device and playback device of Windows

4) Select Content Type (VR / PC FPS / Music), Profile and Mode (stereo/surround) you will be using

You need to have a surround audio driver installed on your PC in order to use the Surround mode.

[FR] Vous devez avoir un pilote audio surround installé sur votre PC afin d’utiliser le mode surround.

※ Click ⌜ to customize frequency, threshold, activation area using bHaptics Studio*

*Refer to p. 29 for more details
1) Pairing the TactSuit with Oculus Quest

① Go to oculus quest system [Settings]
② Select [Experimental Features]
③ Find [Bluetooth Pairing] menu and click [Pair] button
④ Select [+Pair new device] and pair your TactSuit

2) Run a native supported game and enjoy

Enjoy optimized haptic feedback pre-embedded in VR games.

※ You can manage more detailed settings of the TactSuit by downloading 'bHaptics player' from Oculus Quest App Lab

Please search 'bHaptics player' on the Oculus Quest store or download from our website (https://www.bhaptics.com/support/downloads).

Playing Content with Embedded Haptics

Check the Standalone VR content with embedded haptics at www.bhaptics.com/games.
Enjoying Audio-based Haptics (Wired)

You can use Y jack and audio cable (stereo only) to enjoy every standalone VR content with TactSuit.

1) Plug & Play

Connect your 1) Audio Source with 2) Headphone and 3) TactSuit using Y jack and audio cable as shown in the diagram below.

*Y jack and audio cable can be purchased as separate accessory from bHaptics online shop. (www.bhaptics.com/shop)
**TactSuit does not generate sound output. The audio jack is used for converting external sound sources into haptic feedback.

2) You can customize the intensity, Profile, frequency and threshold using bHaptics Player app on your phone*

“bHaptics Player” Application is available in Google Play Store and iOS App Store.

*Refer to p. 26 for more details
Enjoying Audio-based Haptics (Wireless)

Enjoy the most dynamic gameplay with 360° directional haptic feedback converted from 7.1 surround sound.

Please refer to PC VR > Enjoying Audio-based Haptics (Wireless)*

*Refer to p. 16

In order to use PC FPS, you need to select Surround Mode to feel 360° directional haptic feedback.

[FR] Pour utiliser PC FPS, vous devez sélectionner le mode Surround pour ressentir un retour haptique directionnel à 360°.

You need to have a surround driver installed on your PC in order to use the Surround mode.

[FR] Vous devez avoir un pilote surround installé sur votre PC afin d'utiliser le mode surround.

Enjoying Audio-based Haptics (Wireless)

Feel the trembling bass, beats, rhythm and action with audio-based haptics.

Please refer to PC VR > Enjoying Audio-based Haptics (Wireless)*

*Refer to p. 16
Enjoying Audio-based Haptics (Wired)

Plug in Audio Jack and take your console gaming to the next level with real-time stereo haptics.

1) Plug & Play

Connect your 1) Audio Source with 2) Headphone and 3) TactSuit using Y jack and audio cable as shown in the diagram below.

*Y jack and audio cable can be purchased as separate accessory from bHaptics online shop. (www.bhaptics.com/shop)

**TactSuit does not generate sound output. The audio jack is used for converting external sound sources into haptic feedback.

2) You can customize the intensity, Profile, frequency and threshold using bHaptics Player app on your phone*

“bHaptics Player” Application is available in Google Play Store and iOS App Store.

*Refer to p. 26 for more details
bHaptics Software

bHaptics Player
bHaptics Player is an essential software required to connect your device with PC and mobile. You can manage the play mode (Embedded Haptics / Audio-based Haptics), haptic intensity, visualization tool and access bHaptics Portal using this software.

https://www.bhaptics.com/support/downloads

bHaptics Studio
bHaptics Studio is an audio based haptic customization tool which allows you to create or edit the profile by selecting range of frequencies, threshold and activation area of the vest to feel the sound.

https://studio.bhaptics.com/

bHaptics Designer
bHaptics Designer is a web-based haptic feedback authoring tool that you can use to create haptic patterns by clicking and dragging between visualized haptic feedback points. Simply click on the “Export” button to integrate haptic patterns into your content.

https://designer.bhaptics.com/

SDKs
SDKs are available for Unity and Unreal. The SDKs include a library of over 300 different haptic feedback. For more information, please refer to the manual that is provided with respective plug-in.

https://www.bhaptics.com/support/developer/
1. Feedback Monitoring
   Monitor the haptic feedback in realtime

2. Content Portal
   Find, download and install the list of games with Embedded Haptics

3. Audio to Haptic
   Activate wireless Audio-based Haptics

4. Pair/Unpair All
   Pair or Unpair all scanned or paired devices

5. Play & Pause
   Play & Pause haptic feedback

6. Device Panel
   List of devices which are paired and waiting to be paired
   Pairs, unpairs and controls intensity of haptics for each devices

7. Settings
   Manage device pairing, run feedback test, find opensource license and control settings
Device Control

Device Pairing

1 **Individual Pairing**: Right Click on the device icon to pair/unpair.

2 **Pair All**: Click on Toolbox icon to pair/unpair all devices.

Device Information

Mouse over each device icon to check the device information.

Or you can also go to **Settings > Device**

- TactSuit X40
  - Status: Connected / Aux
  - Battery: 35%
  - Feedback Intensity: 40%
- Scanned
  - RSSI: -47dB
**Intensity Adjustment**

You can adjust the feedback intensity of each device in realtime by clicking on each device icons.

![Intensity Adjustment Interface](image)

**Device Management**

You can check the list of device from **Settings(⚙️) > Device**. Here you can pair/unpair devices, check the device information, and change the devices settings.

![Device Management Interface](image)

1. **Wired Audio**
   - Deactivate Wired Audio-based Haptics when the audio cable is plugged in.

2. **Haptic Notification**
   - Activate and deactivate the "haptic alerts" which you can feel when you turn the device on and off.

3. **Turn off After**
   - Set the time to turn off the device automatically when there is no active haptic feedback for the set time.

4. **Button Lock**
   - Lock the power button to avoid the device turning off during your play.
bHaptics Player (Mobile) is an application used to change profiles and settings when using “wired” options for Audio-based Haptics.

Find devices ready to be paired, Pair the searched devices by a drag and drop, Unpair the devices by clicking the icons and selecting the unpair button

Check scanned or paired device information

Pair all scanned devices / Unpair all paired devices

Scan all active devices in pairing mode

Manage device pairing, configure audio-based haptics frequency settings, run feedback test, and manage account

Manage app settings and find information
Device Control

Bluetooth and location setting must be activated from your mobile settings. Do not pair directly from the Bluetooth settings on your mobile phone.

[FR] Le Bluetooth et les paramètres de localisation doivent être activés à partir des paramètres de votre mobile. Ne pas coupler directement à partir des paramètres Bluetooth de votre téléphone mobile.

Device Status

- Scanned
- Connected
- Disconnected

Device Pairing

1. Click the Scan button to search for TactSuit devices.
2. Drag and Drop the icon of the scanned device to pair.

※ Click the Pair All button to pair all scanned devices.
※ Go to the Device List menu to selectively pair multiple devices.

Device Management

Manage more detailed settings of the paired devices from the Device List menu.
When using **wired options** for Audio-based Haptics, you can select the profile and customize the settings by connecting the device with bHaptics Player (Mobile).

1. **ATH Main Panel**
   - Monitor a real-time visualization of the vibration patterns automatically generated by the ATH conversion using the chosen profile.

2. **Profile List**
   - The list of downloaded ATH profiles. You can manage your list by creating, editing, and deleting profiles.

3. **Profile Editing**
   - Edit thresholds, gains, and frequency bands of a selected profile.

4. **Profile Importing/Sharing**
   - Import a new profile from others and share your profile by providing a Profile ID to other users.
bHaptics Studio is an Audio-based Haptics customization tool which allows you to create or edit the profile by selecting range of frequencies, threshold and activation area to feel the sound.

Currently bHaptics Studio only supports Windows OS.

[FR] Actuellement, bHaptics Studio ne prend en charge que le système d’exploitation Windows.

---

**Menu**
Create new profile / Import / Export / Delete

**Theme List**
Select/Edit list of profiles

**Audio to Haptic Mode (Stereo / Surround)**
Select sound channels (Stereo/Surround)

**Tools**
Edit the profile using the tools

**Frequency and Threshold Setting**
Set threshold value by monitoring the dB changes of each frequencies for each audio input real-time.

**Feedback Point Setting**
When an audio signal is input, the haptic feedback point for each devices can be selected.

**Haptic Feedback Monitoring**
Monitor how the audio signal input is being converted to haptic feedback real-time.
How to Use

1. Select from **Stereo** or **Surround** mode for your sound channel.  
   *ex. For 7.1 sound channel, select surround mode*

2. Select frequency band using on/off button and adjust the threshold by dragging the brackets based on the decibel (dB) level on the Audio Signal Panel. The audio signal panel will show frequency response of the sound you are playing now.

3. Select activation area for each frequency.

4. Monitor activated haptics in realtime for each frequencies and feedback point.

※ Full guide video is available at www.youtube.com/bhaptics
bHaptics Designer is a web-based haptic feedback authoring tool that you can use to create haptic patterns by clicking and dragging between visualized haptic feedback points. Simply click on the “Export” button to integrate haptic patterns into your content. This tool will help you minimize development time and effort significantly.

How to Use

1. Projects > Create Project.
2. Create Effect.
3. Click on feedback point and drag to the next point to create path and design patterns you wish to create.
4. Edit more sophisticated settings such as timing, speed and directions.
5. Play and edit timeline of the haptic feedback pattern you have created.
6. Export Project and import your “.tact” files into your own engine.

※ Full guide video is available at www.youtube.com/bhaptics

</table>
Which Content(Platform) can I enjoy?
You can enjoy various contents on VR(PCVR, Standalone VR), PC(Games, Music and Movie) and Console etc, using embedded haptics or audio-based haptics.

Does TactSuit provide body tracking?
All TactSuit series does not provide body tracking.

What is the playtime of TactSuit?
You can use TactSuit X40 for 18 hours and TactSuit X16 for 22 hours.
(Measured when All feedback points are operating for 1 second in every 10 second at maximum intensity.)

How can I control the intensity of haptic feedback?
PC - Pair the device using bHaptics Player on your PC. The intensity control bar will appear when you click on the paired device icon. You can click and drag the bar to adjust the intensity of haptic feedback.
Mobile - Pair the TactSuit via bHaptics Player app on your mobile device. Click the Device List menu and find the Feedback Intensity menu to adjust the intensity of haptic feedback.

Can I wash TactSuit?
The main part of TactSuit contains electric motors and wires and cannot be washed. In case of contamination, gently wipe the contaminated area with a soft cloth. (The mesh lining can be detached and washed)

※ More FAQ list is available at www.bhaptics.com/support/faqs
Troubleshooting

I can’t connect TactSuit to my PC. Is the TactSuit or Bluetooth dongle defective?

Open Device Manager on your PC and disable PC’s internal Bluetooth before inserting the provided dongle. If you see CSR Bluetooth Radio under Bluetooth, please uninstall all software related to CSR Bluetooth, then insert the provided dongle.

I keep losing connection to the PC when I turn around or stand up.

Securing the line-of-sight between the TactSuit and the Bluetooth dongle is required for seamless Bluetooth connection. Please insert the Bluetooth dongle to the front of the PC, rather than the back.

I can’t feel surround feedback while playing content with 7.1 channel sound (ex. PC FPS game).

You need to select Audio-based Haptics from bHaptics Player, then turn on surround mode. Please note that you need to have a surround audio driver installed on your PC in order to use the Surround mode. Please also note that surround mode is not supported for Wired Audio-based Haptics.

The device can be turned off during your play if you lean back to rest against the chair.

You can lock the device during your play from the settings menu in bHaptics Player. If you are using bHaptics Player (PC), please go to Settings > Device > Device List. Press + button next to the paired device icon to turn on the "Button Lock". If you are using bHaptics Player (Mobile), please go to Device List. Press button next to the paired device icon to turn on the "Button Lock".
Health & Safety Warnings

To ensure the safety of all users and to minimize the problems that may occur during using the product, please carefully read and follow the manual and warnings before using the product.

Before Using the Product

• Please read and follow all the instructions and warnings for set up and operate the product.

• The product is not a toy and should not be used children under age 12. The product is not sized for children and improper sizing can lead to discomfort or adverse health effects.

• Be sure to use recommended hardware, software and certified devices, accessories. If you don’t, it may result in device performance and may cause damage not covered by your warranty. Also may result in injury to you or others.

• Do not use the product if you have muscle aches, headache, colds, hangover, stress, intoxicated or while taking any kind of medicine.

• If you are pregnant, elderly, mentally ill or suffering from heart disease or spinal/skin/muscle diseases, please consult your doctor before using the product.

• Keep the product out of the reach of children and pets. Children and pets may swallow small parts, may pull on the charging cables and cause the damage of processor unit, or may wrap the cables around themselves, which may inflict injury or cause an accident or a malfunction of the product.
Always use in a safe environment to secure physical/mental safety and prevent damage to property.

- Never handle dangerous goods such as fire, knives, hot water, etc. while using the product, and do not use the product in situations that require attention (such as bicycling, driving or walking and in unstable locations such as car, train or bus). And do not do any activities that may cause serious consequences (any activities that may cause death, personal injury or damage to property).

- You may experience reflex actions when startled by haptic feedback of the product, so please be sure to check your surroundings before use the product.

- Especially, if you using the product with VR HMD should pay special attention because wearing the VR headset will completely block your ability to see your surroundings.

- Before using the product, clean up the things that may cause serious injuries such as sharp objects and furniture, and always pay special attention while using the product.

- Be careful that people, pets and other obstacles do not suddenly appear during use of the product.
If you are affected by any of the following, please be use caution when using the product.

- **Heart Disease**  
  If you are startled by the haptic feedback delivered by the product, it can be hard on your heart. Please consult your doctor before using this product.

- **Respiratory Disease**  
  Excessive tightening of the side straps may cause breath problems or seizures.

- **Spine/ Muscle Disease**  
  When strong haptic feedback is delivered to your body, it can affect your spine and muscles. Please consult your doctor before use and do not use the product for too long.

- **Skin Disease**  
  Do not put on the product on bare skin if you have sensitive or weak skin (especially children). If haptic feedback is delivered to the bare skin directly, it may cause itching, rash or swelling of skin.
If you experience any of the following symptoms, stop to use the product immediately and consult your doctor.

- Difficulty in breathing, dizziness, seizures, muscle cramps or stiffness, skin burning, excessive sweating, headache, fatigue, involuntary movements, nausea, swelling, itching or rashes.

- Don’t use the product until symptoms described above are relieved. If symptoms persist, consult your doctor and you have to get your doctor’s approval to use the product again.

- You may be more sensitive to specific content. Therefore remember the type of content you were playing while you experience those symptoms and please take special care when you use that type of content.

The device can emit radio wave that could affect the operation of nearby electronic devices including medical devices.

- Do not use the product in hospitals or any transportations including aircrafts and automobiles.

- If there is any electronic devices nearby, make sure to maintain a safe distance between the product and the electronic devices.

- We recommend do not use the product if you or nearby person has a pacemaker or any other implanted medical devices.

- If you have to use the product inevitably even though you have pacemaker, please consult your doctor before using the product and be sure to maintain at least 15cm distance between the product and you.

- Stop using the product as soon as you experience interference between the product and your medical devices.
Pour assurer la sécurité des utilisateurs et minimiser la possibilité de problèmes pouvant survenir lors de l’utilisation du produit, veuillez lire les avertissements suivants.

Avant d’utiliser le TactSuit

- Veuillez lire et suivre toutes les instructions et les avertissements pour la configuration et l'utilisation du produit.
- Le produit n’est pas un jouet et ne doit pas être utilisé par des enfants de moins de 12 ans. Le produit n’est pas dimensionné pour les enfants et un dimensionnement inapproprié peut entraîner une gêne ou des effets néfastes sur la santé.
- Assurez-vous d’utiliser le matériel, les logiciels et les appareils et accessoires certifiés recommandés. Si vous ne le faites pas, cela peut entraîner des performances de l’appareil et peut causer des dommages non couverts par votre garantie. Cela peut également entraîner des blessures à vous-même ou à d’autres personnes.
- N’utilisez pas le produit si vous souffrez de douleurs musculaires, de maux de tête, durhume, de malaise, de stress, d’intoxication ou si vous êtes sous l’influence de tout type de médicament.
- Si vous êtes âgé(e), enceinte, ou que vous souffrez d’une maladie mentale, d’une maladie cardiaque ou de maladies de la colonne vertébrale, de la peau ou des muscles, veuillez consulter votre médecin avant d’utiliser le produit.
- Gardez le produit hors de portée des enfants et des animaux domestiques. Les enfants et les animaux domestiques peuvent avaler de petites pièces, tirer sur les câbles de charge et endommager le processeur, ou peuvent enrouler les câbles autour d’eux, ce qui peut causer des blessures ou provoquer un accident ou un dysfonctionnement du produit.

Utilisez le produit uniquement dans un environnement sûr afin de garantir la sécurité physique et mentale des personnes et d’éviter les dommages matériels.

- Ne manipulez jamais des choses dangereuses telles que du feu, des couteaux, de l’eau chaude, etc. lors de l’utilisation du produit, et n’utilisez pas le produit dans des situations nécessitant une attention particulière telles que le vélo, la conduite ou la marche, ou dans des endroits instables comme une voiture, un train ou un bus. Et ne faites aucune activité pouvant entraîner des conséquences graves (toute activité pouvant entraîner la mort, des blessures corporelles ou des dommages matériels).
- Vous pourriez constater des gestes réflexes en réaction à une rétroaction haptique inattendue du produit, c’est pourquoi il convient de vous assurer que votre environnement est sécuritaire avant d’utiliser le produit.
- Surtout, si vous utilisez le produit avec VR HMD, vous devez faire particulièrement attention car le port du casque VR bloquera complètement votre capacité à voir votre environnement.
- Avant d’utiliser le produit, éloignez les objets susceptibles de provoquer des blessures graves telles que des objets tranchants et des meubles, et faites toujours preuve d’une prudence particulière lors de l’utilisation du produit.
- Veillez à ce que des personnes, animaux ou d’autres obstacles n’interfèrent pas soudainement pendant l’utilisation du produit.
Si vous souffrez de l'une des maladies suivantes, faites preuve de prudence lors de l'utilisation du produit.

- **Maladies cardiaques**
  Une rétroaction haptique inattendue du produit peut être difficile à supporter pour votre cœur. Par conséquent, veuillez consulter votre médecin avant d'utiliser le produit.

- **Maladies respiratoires**
  Une sangle principale excessivement serrée peut provoquer des problèmes respiratoires ou des convulsions.

- **Maladie rachidienne ou musculaire**
  Lorsqu'une forte rétroaction haptique est transmise à votre corps, cela peut affecter vos muscles et votre colonne vertébrale. Veuillez consulter votre médecin avant l'utilisation et veillez à ne pas utiliser le produit trop longtemps.

- **Maladies de peau**
  N'appliquez pas le produit sur la peau nue si vous avez la peau sensible ou fragile (en particulier pour les enfants). Une rétroaction haptique transmise directement à la peau nue peut provoquer des démangeaisons, des éruptions cutanées ou un gonflement de la peau.

Si vous ressentez l'un des symptômes suivants, cessez immédiatement l'utilisation et consultez votre médecin.

- difficulté à respirer, étoffissements, convulsions, crampes ou raideurs musculaires, brûlures cutanées, transpiration excessive, maux de tête, fatigue, mouvements involontaires, nausées, gonflement, démangeaisons ou éruptions cutanées.

- N'effectuez aucune activité pouvant entraîner des conséquences graves et n'utilisez pas le produit tant que les symptômes décrits ci-dessus n'auront pas été soulagés. Si les symptômes persistent, consultez votre médecin et obtenez son approbation pour utiliser à nouveau le produit.

- Vous pourriez être plus sensible à certains contenus. Par conséquent, notez le type de contenu utilisé lorsque vous ressentez ces symptômes et faites particulièrement attention lorsque vous utilisez ce type de contenu.

L'appareil peut émettre des ondes radio susceptibles d'affecter le fonctionnement des appareils électroniques à proximité, y compris les appareils médicaux.

- N'utilisez pas le produit dans les hôpitaux ou dans les transports, y compris les avions et les automobiles.
- S'il y a des appareils électroniques à proximité, assurez-vous de maintenir une distance de sécurité entre le produit et les appareils électroniques.
- Nous vous recommandons de ne pas utiliser le produit si vous ou une personne à proximité portez un stimulateur cardiaque ou tout autre dispositif médical implanté.
- Si vous devez inévitablement utiliser le produit même si vous portez un stimulateur cardiaque, veuillez consulter votre médecin avant d'utiliser le produit et veillez à maintenir une distance d'au moins 15 cm entre le produit et vous.
- Arrêtez d'utiliser le produit dès que vous rencontrez des interférences entre le produit et vos dispositifs médicaux.
Product Usage Precautions

- Use the product only for its intended purpose.

- The recommended environments for stable operation are as follows:
  - Temperature: 0 ~ 35 ºC, Humidity: 5~95%
  - Do not use the product in dusty places

- You may get zapped when you use the product in a dry place. This is caused by static electricity, and not a product malfunction.

- Be sure to use accessories and parts that bHaptics Inc. provides, or get official approval from us before using. If not, we cannot guarantee the safety of the user and we are not responsible for any damage caused by this.

- Please follow the instructions to wear the device fit to your body. Otherwise, you may feel discomfort and may not feel the haptic feedback properly.

- When you use the product while the charging cable is connected, be careful the cable is not wrapped around your body or legs and check frequently during use.

- Use of the product in a moving vehicle such as a car, bus, plane or train may increase your susceptibility to adverse symptoms due to variation in speed or sudden movement.

- We recommend you not to share the product with the others. If you have to inevitably, clean the device between each use with clean and soft cloth. Also we recommend you to replace or wash the inner mesh lining periodically to maintain the product in hygienic conditions.

- If you use the product frequently or for long time period, you may experience tiredness or soreness in your muscles and body parts. Therefore, take a rest between uses even if you do not think you need it. And if you feel discomfort, take longer and more frequent breaks.

- Do not cause a strong impact to the product (do not drop the product or place a heavy object on it).
• The product contains a rechargeable Lithium-Ion battery. Please follow below instructions for your safe usage of the product and prevent personal injury, damage of the product.
  – Do not use external battery packs or power sources other than the included charging cable and if you want to use your own cable, please contact bHaptics official service center.
  – If you have any problems related to the battery, contact official service center. Never open the main controller of the device and attempt to repair or replace the battery by yourself.

• Please follow the instructions below when pairing via Bluetooth.
  – When pairing, place the product near your PC, laptop or mobile. If not, the product can be connected to a different device or can fail to pair with your device.
  – To secure a stable connection remove any obstacles between the product and your device. Also please use the product within the Bluetooth range.
  – Bluetooth uses the same frequency band as some industrial, scientific, medical devices and electronics, and low power devices such as wireless LAN, which may cause electronic interference between devices. Therefore please do not use this device in the places where it can cause malfunctioning of the electronic devices, resulting in serious personal injury and damage to property (ex. hospital, transportation etc.)
  – The product may not be compatible with some devices, including those that are not approved by Bluetooth Special Interest Group (SIG)
  – Do not use Bluetooth for illegal purposes (ex. Pirating copies, Illegal public transmission etc.)

• Stop using the product immediately when you have an allergic reaction to the clothes or metals of the product.

• To prevent electric shot, do not disassemble, modify or open any of the product component. And if the product is broken or damaged(eespecially any cable is damaged or a wire is exposed) do not use the product and ask for repairs from the official service center.
Product Care Precautions

- Keep the product in the following environment to prevent degradation of the product.
  - Keep the product in cool and dry place (Recommended storage temperatures: 0–35 °C, 5–95% humidity)
  - Do not expose the product to dust, smoke, steam or direct sunlight.
  - The product includes haptic motors and cables, so to prevent breakdown of the product, do not leave or store the product folded and crumped. Put the product in the package box and store it in safe place when not in use.

Cautions for Product Maintenance

- Keep the product out of reach of children and pet for their safety and to prevent the damage of the product.
  - Children or pets may swallow small parts of the product or wrap the cables around themselves which may inflict injury or cause an accident or malfunction.
  - If they swallow any of parts, please consult with the doctor immediately.

- Be careful not to drop, throw and bend the product. Those may cause damage of the product. If it happens and suspect any damages please contact to the bHaptics official service center.
• If the product is damaged or malfunctioning, stop to use it immediately and contact bHaptics official service center. Unauthorized repairing may cause further damage of the product and your Warranty will become null and void.

• Do not allow liquid, small particles or other foreign objects to get into the product. If this happens, stop use, turn off the product and disconnect the product from electrical outlet immediately and contact the official service center.

• If battery leaks:
  – Do not allow the leaking fluid to come in contact with skin, eyes or clothing. If already in contact, DO NOT RUB; flush the affected area immediately with clean water and consult with your doctor.
  – Take extra precautions to keep a leaking battery away from fire as there is a danger of ignition or explosion.

• The product is an electronic device, so it is non-washable. If it is contaminated, just drop a few drops of water and gently wipe with soft cloth.
  – Do not use strong chemicals such as solvents, cleaners, chemically treated cloth etc. to clean the product and inner mesh lining. If you use these on the devices, it will cause internal and external damage to the product.

• The inner mesh lining can be detached and machine washed with neutral detergent (Frequent machine wash can cause deterioration)
  – If you use the dryer machine, please set the temperature as “low” to prevent deterioration of the product.
  – We recommend you replace the inner mesh lining periodically to maintain the product in hygienic conditions.
If the product or accessories need repair, please contact bHaptics official service.

Do not dispose the product in a fire and never place the product near the heating equipment or high voltage appliances.

- When the product or the battery is overheated, it may explode.

- Please follow all applicable laws and regulations when you recycle or dispose the product and battery. Disposal of certain electronic devices is strictly regulated in some areas.
Précautions lors de l’utilisation du produit

• N’utilisez le produit que pour l’usage auquel il est destiné.
• Les paramètres environnementaux recommandés pour un fonctionnement stable sont les suivants :
  – Température : de 0 à 35 °C, Humidité : de 5 à 95 %.
  – Ne pas utiliser le produit dans des endroits poussiéreux.
• Vous pourriez recevoir une faible décharge électrique si vous utilisez le produit dans un endroit sec. Ceci est causé par l’électricité statique, et non par un dysfonctionnement du produit.
• Assurez-vous d’utiliser les pièces et les accessoires fournis par bHaptics Inc., ou d’obtenir notre approbation officielle avant d’en utiliser d’autres. Dans le cas contraire, nous ne pouvons garantir la sécurité de l’utilisateur et nous ne sommes pas responsables des dommages que cela peut provoquer.
• Veuillez suivre les instructions pour porter l’appareil de façon à ce qu’il soit ajusté à votre corps. Dans le cas contraire, vous pourriez éprouver une gêne et ne pas ressentir correctement la rétroaction haptique.
• Si vous utilisez le produit alors que le câble de charge est connecté, veillez à ce que le câble ne soit pas enroulé autour de votre corps ou de vos jambes, et vérifiez fréquemment que ce n’est pas le cas pendant l’utilisation.
• L’utilisation du produit dans un véhicule en mouvement tel qu’une voiture, un bus, un avion ou un train peut augmenter votre susceptibilité aux symptômes indésirables dus à une variation de vitesse ou à un mouvement brusque.
• Nous vous recommandons de ne pas partager le produit avec d’autres personnes. Si vous devez le faire, nettoyez l’appareil entre chaque utilisation avec un chiffon propre et doux. Nous vous recommandons également de remplacer ou de laver la doublure intérieure en maille périodiquement afin de maintenir le produit dans de bonnes conditions d’hygiène.
• Si vous utilisez le produit fréquemment ou pendant une période prolongée, vous pourriez ressentir de la fatigue ou des douleurs dans les muscles et certaines parties du corps. Par conséquent, faites des pauses entre les utilisations, même si vous ne pensez pas en avoir besoin. Si vous ressentez un inconfort, faites des pauses plus longues et plus fréquentes.
• Le produit contient une batterie lithium-ion rechargeable. Veuillez suivre les instructions ci-dessous pour une utilisation sûre du produit, et pour éviter les blessures corporelles et les dommages au produit.
  – N’utilisez pas de batteries externes ou de sources d’alimentation autres que le câble de charge inclus ; si vous souhaitez utiliser votre propre câble, veuillez contacter le centre de service officiel bHaptics.
  – Pour tout problème lié à la batterie, contactez le centre de service officiel. N’ouvrez jamais le contrôleur principal de l’appareil et n’essayez pas de réparer ou de remplacer la batterie par vous-même.
• Veuillez suivre les instructions ci-dessous lors du couplage via Bluetooth.
  – Lors du couplage, placez le produit à proximité de votre PC, ordinateur portable ou téléphone mobile. Dans le cas contraire, le produit pourrait se coupler avec un autre appareil, ou pourrait ne pas parvenir à se coupler avec votre appareil.
  – Pour assurer une connexion stable, supprimez tout obstacle entre le produit et votre appareil. Veuillez également utiliser le produit dans les limites de la portée du Bluetooth.
  – Le Bluetooth utilise la même gamme de fréquences que certains appareils industriels, scientifiques, médicaux, appareils électroniques, et appareils à faible consommation d’énergie tels que les réseaux locaux sans fil, ce qui peut provoquer des interférences électroniques entre les appareils. Par conséquent, veuillez ne pas utiliser cet appareil dans des endroits où il peut provoquer le dysfonctionnement d’appareils électroniques, entraînant des blessures graves et des dommages matériels (p. ex., dans un hôpital, un moyen de transport, etc.)
Cautions

- Le produit peut ne pas être compatible avec certains appareils, notamment ceux qui ne sont pas approuvés par le Bluetooth Special Interest Group (SIG).
- N’utilisez pas le Bluetooth à des fins illégales (p. ex., copies piratées, transmission publique illégale, etc.)
- Cessez immédiatement d’utiliser le produit en cas de réaction allergique aux textiles ou aux métaux du produit.
- Pour éviter les décharges électriques, ne démontez, ne modifiez ou n’ouvrez aucun composant du produit. Si le produit est cassé ou endommagé (en particulier si un câble est endommagé ou qu’un fil est exposé), n’utilisez pas le produit et adressez-vous au centre de service officiel pour les réparations nécessaires.
- Évitez les impacts violents sur le produit (ne laissez pas tomber le produit et ne déposez pas d’objets lourds dessus).

2 Précautions concernant l’entretien du produit

- Entreposez le produit dans les conditions suivantes afin d’éviter sa dégradation.
  - Entreposez le produit dans un endroit frais et sec (températures d’entreposage recommandées : de 0 à 35 ºC, de 5 à 95 % d’humidité).
  - N’exposez pas le produit à la poussière, à la fumée, à la vapeur ou à la lumière directe du soleil.
  - Le produit comprend des moteurs haptiques et des câbles. Afin d’éviter une panne du produit, ne maintenez pas ou n’entreposez pas le produit plié et froissé. Placez le produit dans sa boîte d’emballage et rangez-le dans un endroit sûr lorsqu’il n’est pas utilisé.

Precautions concernant l'entretien du produit

- Maintenez le produit hors de portée des enfants et des animaux pour leur sécurité et pour éviter d’endommager le produit.
  - Les enfants ou les animaux domestiques peuvent avaler de petites pièces du produit ou enrouler les câbles autour d’eux, ce qui peut causer des blessures ou provoquer un accident ou un dysfonctionnement.
  - Si un enfant ou un animal avale l’une des pièces, veuillez consulter immédiatement le médecin.
- Veillez à ne pas faire tomber, lancer ou plier le produit ; celui-ci risquerait d’être endommagé. Si cela se produit et que vous suspectez des dommages, veuillez contacter le centre de service officiel bHaptics.
- Si le produit est endommagé ou fonctionne mal, cessez immédiatement de l’utiliser et contactez le centre de service officiel bHaptics. Une réparation non autorisée risquerait d’endommager davantage le produit et annulerait votre garantie.
Cautions

• Ne laissez pas de liquide, de petites particules ou d’autres corps étrangers pénétrer dans le produit. Si cela se produit, cessez l’utilisation, éteignez le produit et débranchez-le immédiatement de la prise électrique, puis contactez le centre de service officiel.

• En cas de fuite de la batterie :
  – Ne laissez pas le liquide qui fuit entrer en contact avec la peau, les yeux ou les vêtements. En cas de contact, NE FROTTEZ PAS. Rincez immédiatement la zone affectée à l’eau claire et consultez votre médecin.
  – Si la batterie fuit, prenez des précautions supplémentaires pour la maintenir éloignée de toute flamme afin d’éviter les incendies ou une explosion.

• Le produit étant un appareil électronique, il n’est donc pas lavable. S’il est sale, déposez simplement quelques gouttes d’eau sur la zone à nettoyer et essuyez délicatement avec un chiffon doux.
  – N’utilisez pas de produits chimiques forts tels que des solvants, des détergents, des chiffons traités chimiquement, etc. pour nettoyer le produit et la doublure intérieure en maille. L’utilisation de ce genre de produits sur l’appareil causera des dommages internes et externes au produit.

• La doublure intérieure en maille peut être détachée et lavée à la machine avec un détergent neutre (un lavage trop fréquent à la machine peut entraîner une détérioration).
  – Si vous utilisez un sèche-linge, veuillez régler la température sur « basse » afin d’éviter la détérioration du produit.
  – Nous vous recommandons de remplacer ou de laver la doublure intérieure en maille périodiquement afin de maintenir le produit dans de bonnes conditions d’hygiène.

### Lavage de la doublure en maille

1. [Image 1]
2. [Image 2]
3. [Image 3]

- **Body:** Non-washable
- **Mesh Lining:** Washable

• Si le produit ou les accessoires nécessitent une réparation, veuillez contacter le service officiel bHaptics.

• Ne jetez pas le produit au feu et ne placez jamais le produit à proximité d’équipements de chauffage ou d’appareils à haute tension.
  – Lorsque le produit ou la batterie sont surchauffés, il existe un risque d’explosion.
  – Veuillez respecter toutes les lois et réglementations applicables lorsque vous recyclez ou jetez le produit et la batterie. Dans certaines régions, l’élimination de certains appareils électroniques est strictement réglementée.
Limited Customer Warranty

Read this information before using your device.

By using your bHaptics product, you agree to the limited warranty.

If you do not accept this limited warranty, do not use your bHaptics product.

Instead, Please return it to bHaptics or the retailer from whom you purchased it within the return period stated in bHaptics return policy (Found at www.bhaptics.com/legals/cancellation-return-refund) for refund.

• Intellectual Property

All Intellectual Property, as defined below, owned by or which is otherwise the property of bHaptics or its respective suppliers relating to the Product, including but not limited to, accessories, parts, or software relating thereto, is proprietary to bHaptics and protected under international treaty provisions, country laws, federal laws, and states laws. Intellectual Property includes, but is not limited to, inventions (patentable or unpatentable), patents, trade secrets, copyrights, software, computer programs, and related documentation and other works of authorship.

You may not infringe or otherwise violate the rights secured by the Intellectual Property. Moreover, you agree that you will not (and will not attempt to) modify, prepare derivative works of, reverse engineer, decompile, disassemble, or otherwise attempt to create source code from the software. No title to or ownership in the Intellectual Property is transferred to you. All applicable rights of the Intellectual Property shall remain with bHaptics and its suppliers.

• Who is this warranty from?

This limited consumer warranty (the “Warranty”) is issued by bHaptics Inc. of Bldg 3 Unit 503, 70, Yuseong-daero 1689beon-gil, Yuseong-gu, Daejeon, Republic of Korea (34047) (“bHaptics”, “we”, “us”).

• Who is this warranty to?

bHaptics issues this warranty to you, as a consumer who has purchased a new, covered product from bHaptics or an authorized retailer (“you”). This Warranty is not available to products that were purchased from any source other than bHaptics or an authorized retailer.

This Warranty applies only to those countries to which bHaptics ships and supports. For information about the countries bHaptics supports, go to www.bhaptics.com/legals
• **What is covered by this limited warranty and for how long?**

This Warranty covers defects and malfunctions in the new bHaptics product(s) it accompanies (the “Product”). We warrant that the Product will, under normal and intended use, function substantially in accordance with our technical specifications or accompanying product documentation (the “Warranted Functionality”) during the Warranty Period.

This limited Warranty continues for one (1) year from the date of purchase or deliver of the Product, whichever is later (the “Warranty Period”). However, if you purchase the Product from within the EU or EFTA, the Warranty Period shall be two (2) years.

If and to the extent the Product needs bHaptics software or services to achieve the Warranted Functionality, we will make and keep software and services available during the Warranty Period. We may update, modify or limit such software and services in our sole discretion so long as we continue to maintain (or exceed) the Warranted Functionality.

This Warranty gives you specific legal rights, and you may also have other rights, which vary from country to country (or by state or province). This Warranty is in addition to, and does not affect any rights you have under the laws in your jurisdiction concerning the sale of consumer goods.

• **What is not covered by this limited warranty?**

This limited Warranty does not apply: (i) if the Product serial number, the date code or the water indicator has been removed, erased, defaced, or altered, or is illegible; (ii) to any deterioration of the cosmetic appearance of the Product due to normal wear and tear; (iii) to rips and peeling of textile elements, straps, or zippers; (iv) to protective coatings that are designed to diminish over time or batteries, unless failure has occurred due to a defect in materials or workmanship; (v) to damage caused by misuse, accident (e.g. accidental physical impact, exposure to liquid, food or other contaminants, etc.), neglect, abuse, forces of nature, or other actions beyond the reasonable control of bHaptics (including but not limited to deficiencies in consumable parts) unless the defect was caused directly by a malfunction; (vi) to damage caused by improper or unauthorized repair or other modification, tampering, or use with unsuitable equipment, devices, software, services or other unauthorized third-party item(s); (vii) to used or resold products; (viii) to Products purchased from sources other than bHaptics or a bHaptics authorized retailer (including non-authorized online auctions); (ix) to use of the Product in violation of any laws, regulations or ordinances in effect where the Product is used; (x) to features or performance parameters pertaining to any software or services beyond the Warranted Functionality of the Product.

This Warranty does not include any specific guarantees that the product will be error-free, or regarding uptime or continued availability, data security features of software or online accounts, or that any software, firmware or online sites will function uninterrupted or error-free.
What will bHaptics do if there is a problem with the product?

If your Product is defective or malfunctioning, we will either repair or replace that Product, or update software or services, so that the Product performs substantially according to the Warranted Functionality. The approach taken to resolve any issues will be at our sole choice. If we determine that a product should be replaced, the replacement may be a new, refurbished, or remanufactured Product. If we determine, in our sole discretion, that none of the listed means are reasonable to correct for a defect or malfunction, then we may refund to you the price you paid to purchase the Product.

Any repaired or replaced Product will continue to be covered by this Warranty for the remainder of the original Warranty Period or ninety (90) days following your receipt of the replacement or repaired Product, whichever is greater.

What must you do to obtain warranty service?

In the event of a perceived malfunction in the Product, please visit us at www.bhaptics.com/support to get helpful services, the user manuals and contact information, and to submit a claim form to obtain warranty service.

If it is necessary for you to send your Product in for service, we will provide you with a pre-addressed shipping label, and you will have to send the Product in an adequate container for shipping, accompanied by the sales receipt or comparable proof of purchase showing the original date of purchase by the first consumer purchaser, the serial number of the Product and the seller's name and address.

You may be required to pay the cost of shipping the Product to us, and by sending the Product, you agree to transfer ownership of that Product to bHaptics. When we receive the Product, we will determine if there is a defect or malfunction covered by this Warranty. If we find a defect or malfunction covered by this Warranty, we will repair or replace the Product to provide the Warranted Functionality, and we will send the repaired Product, if any, to you at our cost. We may not return the original Product to you.

If we are unable to verify your proof of purchase in advance, and you send us a Product without a valid proof of purchase, then we reserve the right to return the Product to you at your cost, subject to prepayment, or, if such costs are not prepaid, we will keep the Product for thirty (30) days for your pick-up before it is disposed of.
- **What are the limits on bHaptics' liability?**

> TO THE EXTENT PERMITTED BY LAW, THIS LIMITED WARRANTY AND THE REMEDIES SET FORTH ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES, AND CONDITIONS. BHAPTICS LIMITS THE DURATION AND REMEDIES OF ALL STATUTORY AND IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS TO THE DURATION OF THIS WARRANTY AND, AT BHAPTICS' OPTION, THE REPAIR OR REPLACEMENT SERVICES DESCRIBED BELOW. IN NO EVENT SHALL BHAPTICS BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT OR FOR, WITHOUT LIMITATION, COMMERCIAL LOSS OF ANY SORT; LOSS OF USE, TIME, DATA, REPUTATION, OPPORTUNITY, GOODWILL, PROFITS OR SAVINGS; INCONVENIENCE; INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES; OR DAMAGES ARISING FROM THE USE OR INABILITY TO USE THE PRODUCT.

Some countries and jurisdictions (states and provinces) do not allow limitations on how long an implied warranty lasts, or the disclaimer or limitation of incidental or consequential damages, so the above limitations and disclaimers may not apply to you.

- **SEVERABILITY**

> If any portion of this Limited Warranty is held to be illegal or unenforceable, such partial illegality or unenforceability shall not affect the enforceability of the remainder of the Limited Warranty.

- **GENERAL**

> Nothing contained in the user manual or any other document shall be construed to create an express warranty of any kind with respect to the Product. No agent, employee, dealer, representative or reseller is authorized to modify or extend this Limited Warranty or to make binding representations or claims, whether in advertising, presentations or otherwise, on behalf of bHaptics regarding the Products or this Limited Warranty.
The following terms and conditions of the limited customer warranty apply to U.S and Canadian customers only.

- **Agreement to arbitrate disputes (Not applicable to residents of Québec who enter into a contract to which the Consumer Protection Act (CPA) applies)**

  PLEASE READ THE FOLLOWING SECTION CAREFULLY BECAUSE IT REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH BHAPTICS AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM BHAPTICS

- **Binding Arbitration**

  Except for disputes in which either party seeks to bring an individual action in small claims court, You and bHaptics agree (a) to waive Your and bHaptics’ respective rights to have any and all disputes or claims arising from or related to this Limited Warranty or the sale, condition, use, or performance of the Product (collectively, “Disputes”) resolved in a court, and (b) to waive Your and bHaptics’ respective rights to a jury trial. Instead, You and bHaptics agree to arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).

- **No Class Arbitrations, Class actions or Representative Actions.**

  You and bHaptics agree that any Dispute arising out of or related to this Limited Warranty, is personal to You and bHaptics and that such Dispute will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action, or any other type of representative proceeding. You and bHaptics agree that there will be no class arbitration or arbitration in which and individual attempt to resolve a Dispute as a representative of another individual or group of individuals. Further, You and bHaptics agree that a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

- **Notice; Informal Dispute Resolution.**

  Notice; Informal Dispute Resolution. You and bHaptics agree that each party will notify the other party in writing of any arbitrable or small claims Dispute not less than thirty (30) days of the date it arises, so that the parties can attempt in good faith to resolve the Dispute informally. Notice to bHaptics shall be sent to bHaptics Inc., Bldg 3 Unit 503, 70, Yuseong-daero 1689beon-gil, Yuseong-gu, Daejeon, Republic of Korea (34047). Your notice must include (a) Your name, postal address, telephone number, the email address You use, (b) a description in reasonable detail of the nature or basis of the Dispute, and (c) the specific relief that You are seeking.
Our notice to You will be sent electronically to the email address You use and will include (a) our name, postal address, telephone number, and an email address at which we can be contacted with respect to the Dispute, (b) a description in reasonable detail of the nature or basis of the Dispute, and (c) the specific relief that we are seeking. If You and bHaptics cannot agree how to resolve the Dispute within thirty (30) days after the date notice is received by the applicable party, then either You or bHaptics may, as appropriate and in accordance with this Limited Warranty, commence an arbitration proceeding or, to the extent specifically provided for above, file a claim in small claims court.

• **Authority of Arbitrator.**

As limited by the Federal Arbitration Act, this agreement and the applicable AAA rules, the arbitrator will have the authority to grant any remedy that would otherwise be available in court, provided that the arbitrator’s award may not exceed, in form or amount, the relief that a United States District Court could order under the Limited Warranty; provided, however, that the arbitrator does not have the authority to conduct a class arbitration or a representative action, which is prohibited by this Limited Warranty.

• **Rules of AAA.**

The rules of AAA and additional information about AAA are available online at www.adr.org or by calling the AAA at 1-800-778-7879. By not opting out of this agreement to arbitrate as specified below, You either (a) acknowledge and agree that You have read and understand the AAA Rules, or (b) waive Your opportunity to read the AAA Rules and any claim that the AAA Rules are unfair or should not apply for any reason.

• **Applicability of Agreement to Arbitrate.**

IF THE PROHIBITION ON CLASS ARBITRATIONS SET FORTH ABOVE IS DEEMED TO BE UNENFORCEABLE, THEN THE AGREEMENT TO ARBITRATE WILL NOT APPLY TO THE CLASS CLAIM.

• **RIGHT TO OPT OUT.**

You may opt out of this agreement by providing notice to bHaptics no later than 30 calendar days from the date of the first consumer purchaser’s purchase of the Product. To opt out, you must send notice by e-mail to support@bhaptics.com, with the subject line: “Arbitration Opt Out.” You must include in the opt-out email (a) your name and address; (b) the date on which the Product was purchased; (c) the Product model name or model number; and (d) Serial Number (please visit www.bhaptics.com/support/faqs to see how to find a serial number).

No other form of notice will be effective to opt out of this agreement to arbitrate. Opting out of this Agreement will not affect in anyway the benefits to which you would otherwise be entitled, including the benefits of the Limited Warranty.

Bldg 3 Unit 503, 70, Yuseong-daero 1689beon-gil, Yuseong-gu, Daejeon, Republic of Korea (34047)

Company
bHaptics Inc.
Manufacturer
bHaptics Inc.
Country of Origin
Republic of Korea
Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio or television technician for help.

FCC Caution: Any changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Industry Canada Statement

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d’Industrie Canada applicables aux appareils radio exempts de licence. L’exploitation est autorisée aux deux conditions suivantes : (1) l’appareil ne doit pas produire de brouillage, et (2) l’utilisateur de l’appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d’en compromettre le fonctionnement.

European Economic Area

Hereby, bHaptics Inc. declares that TactSuit X40 (BHTV40D000) and TactSuit X16 (BHTV16D000) are in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: https://www.bhaptics.com/legals
Disposal and Recycling Information (European Economic Area only)

The crossed-out wheeled bin means that you are obliged by law to dispose of this equipment separately from the unsorted municipal waste collection system. Disposing of it in the residual waste bin or the yellow bin for recyclable materials is prohibited. If the product contains one-way batteries or rechargeable batteries that are not permanently installed, these must be removed before disposing of the product and be disposed of separately as batteries.

Owners of waste electrical and electronic equipment (EEE) are allowed to return them to those facilities for returning or collecting waste electrical and electronic equipment set up and provided by the public-sector waste disposal authorities, to ensure that the waste electrical and electronic equipment is disposed of correctly. For more information about where and how to drop off your EEE waste, please contact your local authorities, retailer or household waste disposal service.

(Germany only) bHaptics Inc. are registered as a manufacturer of electrical and/or electronic equipment with registration number DE69516062 at stiftung elektro-altgeräte register, Nordostpark 72, 90411 Nürnberg.
